- **Aesthetics:**
 - Fit and finish
 - Tilted control panel (10° & 45°)
- **Benefits:**
 - Improved control visibility and ease of use
 - Perception of larger door
 - More appealing look

Main improvements 2015

primus
laundry equipment

Previous

VS

New 45° Control Panel

- **Dynamic Balancing**

- New suspension, sensor and balance algorithms
 - 2 balance rings counter the imbalance (eg wheelweights)
 - 4 dampers
 - Less cabinet vibration (-76%)
 - Less floor force (-71%)

- **Benefits:**

- Less critical levelling at installation
- Less vibration of the floor and building
- 3,8 dB sound reduction (2,5 x more quiet)
- Cycle times are more consistent (boiler fed = +-40 mins)

2015 Front Load Washer Features

- **Larger capacity:**
 - 96,83 liters (SP10) vs 80,4 liters (SP9)
 - SP10 has larger dimensions (1027×683×704)
- **Benefits:**
 - Handles larger items
 - Better washing performance

- **Water efficiency:**
 - 20% capacity increase with only 6% more water
- **Benefits:**
 - Improved water and energy efficiency
 - Reduced energy bills

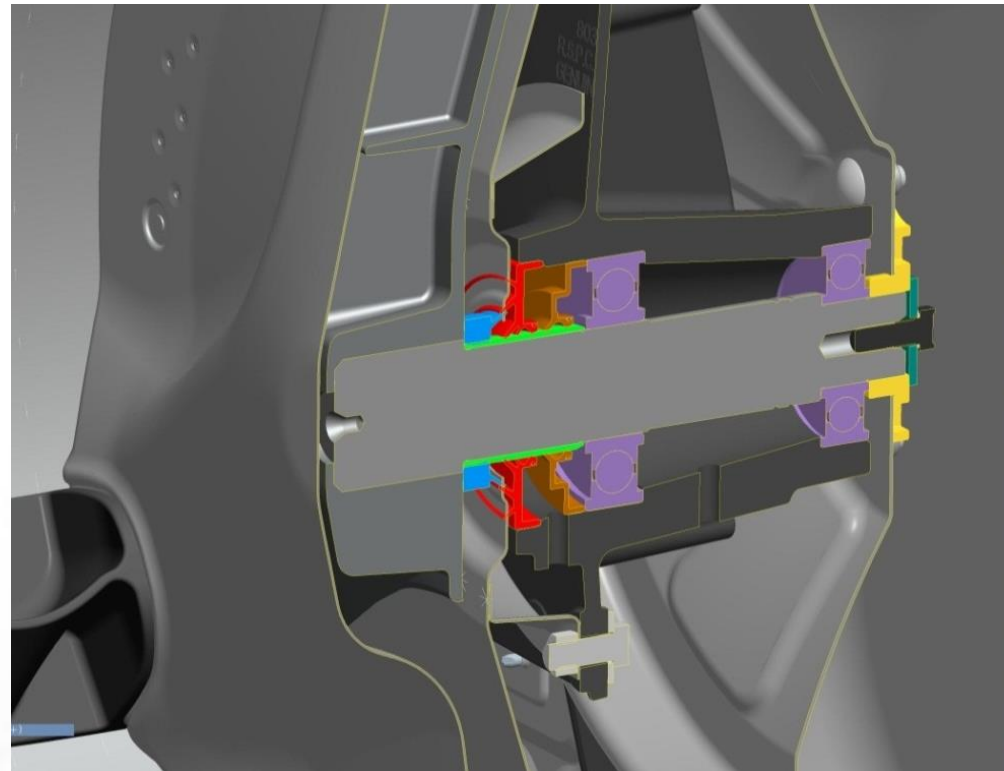

2015 Front Load Washer Features

- **Higher spin speed:**
 - 1200 RPM (SP10 440G) vs current 1000 RPM (SP9 300G)
- **Benefits:**
 - Less moisture to be removed in the dryer
 - Faster drying times
 - Less energy costs
 - Less mechanical action

- **Bearing house and seals:**
 - Additional lip seal (red)
 - Weep hole
 - Lip seal (brown)
 - Hardened seal sleeve (green)
 - Bearings spaced far apart (purple)
- **Benefits:**
 - Improved product durability

2015 Front Load Washer Features

primus
laundry equipment

- **New doorlock system with instant open**
 - You can open the door quickly by pushing pause
 - In the past you had to wait until the end of cycle
- **Benefits:**
 - Improved productivity
 - Less waiting for door to unlock
 - Improved customer experience

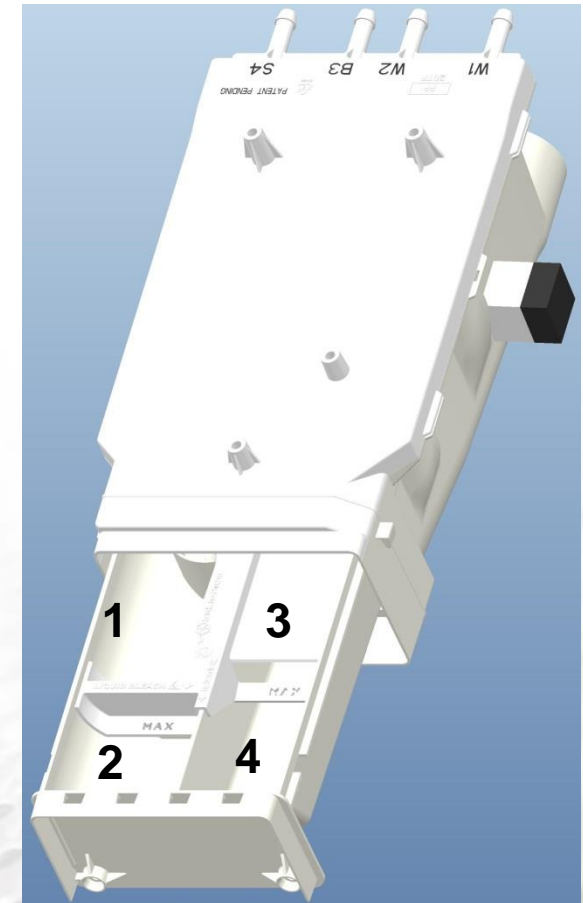

2015 Front Load Washer Features

primus
laundry equipment

- **New Soapbox:**

- Drawer and outside of drawer is flushed
- This prevents buildup of chemicals
- Better siphoning for softener and bleach
- Left hand side: - Softener (1)
 - Liquid detergent (2)
- Right hand side: - Prewash (3)
 - Main wash (4)

- **Benefits:**

- Improved self cleaning

- Available as an accessory
- 24 VAC soap outputs are standard
- 4 digital outputs
- 2 liquid soap inputs
- 3 types of soap kits are available:
 - One for machines prepped for card reader RSP805772
 - One kit with a 120 VAC transformer RSP805938
 - One kit with 230 VAC transformer RSP805939

2015 Front Load Washer Features

- **Serpentine baffles:**
 - Patent pending design
- **Benefits:**
 - Increased visibility of water during wash cycle
 - Scoops water in both directions
 - No enclosed area for fungi → more hygienic

2015 Front Load Washer Features

primus
laundry equipment

- **High capacity integrated coin box:**

- 30% larger
- All front control models

- **Possibility of:**

- Single coin meter + coin box
- Double coin meter + coin box
- Electronic coin meter + coin box
- Serial payment

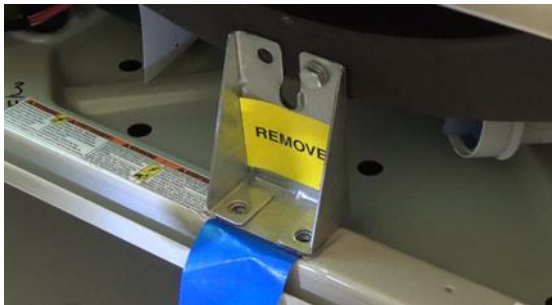

- **BENEFITS:**

- Less frequent coin collections

2015 Front Load Washer Features

- Redesigned shipping braces
- Benefits:
 - Less braces to store or dispose of
 - Installation time reduced by 2 minutes per washer

**Only 4 bolts to remove
from the front**

2 rear shipping bolts

2015 Front Load Washer Features

- Two piece rear panel
- Rotated drain pump position:
 - Pump filter is facing forward
- Benefits:
 - Big improvement for servicing

1. Dynamic Balancing

- ✓ Less critical levelling at installation
- ✓ Less vibration of the floor and building

2. High spin speed:

- ✓ 1200 RPM (SP10 440G) vs current 1000 RPM (SP9 300G)

3. Serpentine baffles:

- ✓ Increased visibility of water during wash cycle

4. High capacity integrated coin box:

- ✓ Less frequent coin collections, **30% larger, for all front control models**

5. New doorlock system with instant open

- ✓ You can open the door quickly by pushing pause
